

IN THE CLAIMS:

Please amend claim 5 and cancel claim 10 as follows.

1-4. (Canceled).

5. (Currently Amended) A structure comprising:

a coiled wire supporting a covering which is attached to the wire to define an interior generally cylindrical passageway, the coiled loop and the covering having a first end and a second end;

an electronic device attached to the covering;

a fabric sleeve that is attached to the covering, the sleeve retaining the wire; [[and]]

an electrical line retained inside the sleeve and coupled to the electronic device;

and

a second electronic device attached to the sleeve.

6. (Original) The structure of claim 5, further comprising a first tie member provided at the first end, and a second tie member provided at the second end.

7. (Original) The structure of claim 5, further including a lid hingedly coupled to the first end.

8. (Original) The structure of claim 5, further including at least one appendage attached to the covering.

9-11. (Canceled).

12. (Original) The structure of claim 5, further including a power supply coupled to the electronic device.

13. (Original) The structure of claim 12, further including a switch coupled to the power supply and the electronic device.
